published in *Against the Grain*, the leading journal in acquisitions librarianship since the late 1990s. It is the first volume in the series *Charleston Insights in Library, Archival, and Information Sciences*. The volume is presented in question-and-answer format. The questions are real, submitted by librarians, educators, and other information professionals who have attended the author's copyright law workshops and presentations or submitted them to her by e-mail or telephone. The author has selected the questions and answers that have general applicability. She has then arranged them into logical chapters, each prefaced by a short introduction to the topic. [The Circle of Knowledge: A Classified, Simplified, Visualized Book of Answers](#) Sep 20 2021 *The Circle of Knowledge* is an informative book that was designed in 1917, to be both inspiring and entertaining. The book represents the modern, progressive spirit which fits that time, in its forms of expression and its editorship. The purpose of this work is to answer the why, who, what, when, where, how of the wide majority of curious minds, both young and adult, and encourage them to raise further questions. Special measures were taken in creating this work to isolate essentials from non-essentials; to differentiate human interest subjects of universal significance from those of little concern; to deliver living truths instead of dead vocabulary; and finally, to bring the whole within the knowledge of the intermediate reader, without regard to age, in an acceptable and exciting form. The use of visual outlines and tables; maps, drawings, and diagrams; the illustrated works of great painters, sculptors, and architects all are used to give the reader the valuable and cultural knowledge of past and present.
