A Discussion Guide for Information Power, Guidelines for School Library

Media Programs Oct 14 2021 The most recent set of national guidelines for the development of school library media programs, which was published in 1988, identifies underlying changes in the roles of the school library media specialist as well as in the program itself. Viewing the library media specialist as an initiator of curricular activities rather than a purveyor of support services, these guidelines emphasize leadership, partnership, planning, curricular needs, collection development, and equity of access to information. This discussion guide has been developed to help educators at all levels to plan meetings and conduct effective discussion sessions with persons who have become familiar with "Information Power" in its entirety, in order to evaluate local school library media programs in light of the recent revisions. The first of three sections identifies the principal concepts presented in "Information Power" and provides an overview of each of its eight chapters. Procedures by which discussion sections may be effectively organized to promote the successful exchange of knowledge and views are recommended in the second section. The final section identifies specific constituencies for discussion groups and suggests discussion questions for each of the groups--i.e., library media specialists, administrators and boards of education, classroom teachers, college and university faculty, state department of education personnel, and members of the community at large--as well as questions for mixed constituency groups and questions basic to all discussion sessions. Wonder Clearing, Discussion Guide Jul 23 2022 The discussion guide for the novel, *Wonder Clearing*, comes at a critical moment for churches and nations. Both churches and nations are suffering through not only a terrible pandemic threatening physical health but also a pandemic of division that threatens the heart of our churches and the soul of civic society. Small groups using the discussion guide will focus on issues pertinent to contemporary America including racism, sexual orientation, and sexual exploitation of women and children. These issues play out in our world in religion, culture, and politics. Online or in-person discussion groups will easily apply the questions, Scriptures, and discussions to their own situations. Current social issues in both Catholic and

Protestant churches echo many of the themes of the book. Political issues including immigration, civil rights, and discrimination parallel the experiences of Rob and Alphonso in the Steepleton of their youth. But the appeal of discussing *Wonder Clearing* will be far more than pertinence of the issues and the reality of current prejudices. Instead, discussing the experience of the characters will offer participants an alternative way of living in a divisive religious and political world.
