Love à la Mode Nov 24 2021 Take two American teen chefs, add one heaping cup of Paris, toss in a pinch of romance, and stir. . . .

Rosie Radeke firmly believes that happiness can be found at the bottom of a mixing bowl. But she never expected that she, a random nobody from East Liberty, Ohio, would be accepted to celebrity chef Denis Laurent's school in Paris, the most prestigious cooking program for teens in the entire world. Life in Paris, however, isn't all cream puffs and crepes. Faced with a challenging curriculum and a nightmare professor, Rosie begins to doubt her dishes. Henry Yi grew up in his dad's restaurant in Chicago, and his lifelong love affair with food landed him a coveted spot in Chef Laurent's school. He quickly connects with Rosie, but academic pressure from home and his jealousy over Rosie's growing friendship with gorgeous bad-boy baker Bodie Tal makes Henry lash out and push his dream girl away. Desperate to prove themselves, Rosie and Henry cook like never before while sparks fly between them. But as they reach their breaking points, they wonder whether they have what it takes to become real chefs. Perfect for lovers of Chopped Teen Tournament and Kids Baking Championship, as well as anyone who dreams of a romantic trip to France, Love à la Mode follows Rosie and Henry as they fall in love with food, with Paris, and ultimately, with each other.

[Théâtre de la Mode](#) Oct 04 2022 *Harnessing the romance of the world of fashion and high art, this fascinating story of a collection of miniature mannequins describes the birth of Theatre de la Mode, the Theater of Fashion. Full of stars such as Robert Ricci (Nina Ricci's son), filmmaker Jean Cocteau, and other members of the 1944 haute couture industry, the story follows 237 miniature fashion dolls through their epic tour of Europe and North America, bringing fashion, elegance, and beauty into a war-torn world. Also included are new colour photographs of the mannequins, the reconstructed sets, and close-up details of clothing so sewers, designers, and fashion mavens can appreciate the creativity of Paris designers at the end of World War II.*

[Murder À La Mode](#) Jul 21 2021 *The renowned British author of Death on the Agenda delivers a "stunning finish with a return-from-the-dead trap. Very lively and zestful" (Observer). No question, one of the real delights of this series is all the early-1960s clotheshorses who go traipsing through the pages, and this time around, they're front and center. Moyes in fact worked as an editor at British Vogue, and her familiarity with the London fashion scene is put to good use in this tale of Style magazine, feverishly consumed with the upcoming Paris shows, and in fact so focused on hemlines and handbags and haircuts—oh my!—that they don't really notice that a member of the staff is looking a little under the weather. A little six feet under, in fact. Enter Inspector Tibbett, who knows very little about fashion, but quite a lot about solving crime. Praise for Patricia Moyes "The author who put the 'who' back in whodunit." —Chicago Daily News "A new queen of crime . . . her name can be mentioned in the same breath as Agatha Christie and Ngaio Marsh." —Daily Herald "An excellent detective novel in the best British tradition. Superbly handled." —Columbus Dispatch "Intricate plots, ingenious murders, and skillfully drawn, often hilarious, characters distinguish Patricia Moyes' writing." —Mystery Scene*

[By Sword and Plow](#) Sep 10 2020 *In 1830, with France's colonial empire in ruins, Charles X ordered his army to invade Ottoman Algiers. Victory did not salvage his regime from revolution, but it began the French conquest of Algeria, which was continued and consolidated by the succeeding July Monarchy. In *By Sword and Plow*, Jennifer E. Sessions explains why France chose first to conquer Algeria and then to transform it into its only large-scale settler colony. Deftly reconstructing the political culture of mid-nineteenth-century France, she also sheds light on policies whose long-term consequences remain a source of social, cultural, and political tensions in France and its former colony. In Sessions's view, French expansion in North Africa was rooted in contests over sovereignty and male citizenship in the wake of the Atlantic revolutions of the eighteenth century. The French monarchy embraced warfare as a means to legitimize new forms of rule, incorporating the Algerian army into royal iconography and public festivals. Colorful broadsides, songs, and plays depicted the men of the Armée d'Afrique as citizen soldiers. Social reformers and colonial theorists formulated plans to settle Algeria with European emigrants. The propaganda used to recruit settlers featured imagery celebrating Algeria's agricultural potential, but the male emigrants who responded were primarily poor, urban laborers who saw the colony as a place to exercise what they saw as their right to work. Generously illustrated with examples of this imperialist iconography, Sessions's work connects a wide-ranging culture of empire to specific policies of colonization during a pivotal period*

*History of International Fashion Mar 29 2022 First English translation of critically-acclaimed book opens the door to the fascinating universe of fashion. This book is not just a history of fashion from the early days of the creation of dressmaking fashion to the development of ready-to-wear manufacturing and the global enterprise it is today. Its ambition is to be the story of the creation, the evolution, and the implosion of the fashion related professions. With readable, highly-informative, and entertaining text—coupled with stunning photography—this book offers valuable insights into a profession which, unlike any other social body, is determined as much by its origins as by its economic context. Didier Grumbach walks you down the runways of fashion history and unfolds the secrets of the industry with stories and accounts from those who have played an active part in its development from the 1920s to the present. And he knows what he is talking about: he was born, grew up and made his mark in the circle that he opens for us here. For decades, he has collected archives, met with witnesses, interacted with the most influential players, and opened doors which are normally kept firmly shut. In his international bestseller, he finally offers us a 20th century illustrated history of fashion like no other—a saga, a family business, with noble fathers, prodigal sons, enthusiasms, passions, hatreds, strokes of genius and, of course, failures. The heroes are Dior, Saint Laurent, Kenzo, Sonia Rykiel, Prada, Hermès, and others. Their adventures are presented in an innovative chronological—and logical—order. From haute couture to the boom in ready-to-wear, the clothing industry, creators and designers, we witness the evolution in techniques, the shifting trends in the market, how an art matures and a culture changes. We also discover how the French ventured out of Paris to meet New York, London, Tokyo and Beijing. This book is a must for fashion lovers, professionals, and students who will find a thousand references never before presented. It will also enlighten the curious reader who wishes to go behind the scenes of this most seductive of theatres.*
