College Algebra Mar 17 2021 Accessible to students and flexible for instructors, COLLEGE ALGEBRA, EIGHTH EDITION, incorporates the dynamic link between concepts and applications to bring mathematics to life. By integrating interactive learning techniques, the Aufmann author team helps students to better understand concepts, work independently, and obtain greater mathematical fluency. The Eighth Edition also includes technology features to accommodate courses that allow the option of using graphing calculators. Additional program components that support student success include tutorial practice, online homework, Live Online Tutoring, and Instructional DVDs. The authors' proven Aufmann Interactive Method allows students to try a skill as it is presented in example form. This interaction between the examples and Try Exercises serves as a checkpoint to students as they read the textbook, do their homework, or study a section. In the Eighth Edition, Review Notes are featured more prominently throughout the text to help students recognize the key prerequisite skills needed to understand new concepts. Dog Boats at War Mar 05 2020 Built of plywood and measuring 115 feet long, powered by four supercharged petrol engines and armed to the teeth with heavy weapons, the 'D' Class Motor Gun Boats (MGBs) and Motor Torpedo Boats (MTBs) were better known as Dog Boats and played havoc with enemy shipping in home and foreign waters. During three years of war they engaged the enemy on more than 350 occasions, sinking and damaging many ships. Dog Boats at War is the authoritative account of operations by the Royal Navy's 'D' Class MGBs and MTBs in the Second World War in Home, Mediterranean and Norwegian waters. As well as drawing on official records - both British and German - the author has contacted several hundred Dog Boat veterans whose eye witness accounts add drama to the unfolding story.

The Last Empress Jan 15 2021 With the beautiful, powerful, and sexy Madame Chiang Kai-shek at the center of one of the great dramas of the twentieth century, this is the story of the founding of modern China, starting with a revolution that swept away more than 2,000 years of monarchy, followed by World War II, and ending in the eventual loss to the Communists and exile in Taiwan. An epic historical tapestry, this wonderfully wrought narrative brings to life what Americans should know about China -- the superpower we are inextricably linked with -- the way its people think and their code of behavior, both vastly different from our own.

The story revolves around this fascinating woman and her family: her father, a peasant who raised himself into Shanghai society and sent his daughters to college in America in a day when Chinese women were kept purposefully uneducated; her mother, an unlikely Methodist from the Mandarin class; her husband, a military leader and dogmatic warlord; her sisters, one married to Sun Yat-sen, the George Washington of China, the other to a seventy-fifth lineal descendant of Confucius; and her older brother, a financial genius. This was the Soong family, which, along with their partners in marriage, was largely responsible for dragging China into the twentieth century. Brilliantly narrated, this fierce and bloody drama also includes U.S. Army General Joseph Stilwell; Claire Chennault, head of the Flying Tigers; Communist leaders Mao Tse-tung and Chou En-lai; murderous warlords; journalists Henry Luce, Theodore White, and Edgar Snow; and the unfortunate State Department officials who would be purged for predicting (correctly) the Communist victory in the Chinese Civil War. As the representative of an Eastern ally in the West, Madame Chiang was befriended -- before being rejected -- by the Roosevelts, stayed in the White House for long periods during World War II, and charmed the U.S. Congress into giving China billions of dollars. Although she was dubbed the Dragon Lady in some quarters, she was an icon to her people and is certainly one of the most remarkable women of the twentieth century.
