The Extreme Right Sep 30 2019 This book, offering a historical-sociological account of right-wing extremist movements in American history, seeks to identify threats to freedom and security, assess the responses to such threats, and suggest some means of dealing with the potential dangers.

From the Vanguard to the Margins Jun 19 2021 Mark Pittaway was the pre-eminent historian of contemporary Hungary. This volume collects his most important work.

Vanguard of the Imam Oct 31 2019 "Iran's Revolutionary Guards are one of the most important forces in the Middle East today, but remain poorly understood to outside observers. In Vanguard of the Imam, Afshon Ostovar has written the first comprehensive history of the organization. Situating the rise of the Guards in the contexts of Shiite Islam, Iranian history, and international affairs, Ostovar takes a multifaceted approach in demystifying the organization and detailing its evolution since 1979. The book documents the Guards transformation into a power-player and explores why the group matters now more than ever to regional and global affairs. It is simultaneously a history of modern Iran, and an engrossing entryway into the complex world of war, politics, and identity in the Middle East"--

The Presupposed Party Aug 22 2021 In the early 1970s there occurred a fairly significant shift of New Left radicals, sometimes the most militant ones, back into the Old Left. The New Old Left it was called. That was the political context in which this little book was written. The book is an attack on the Vanguard Party strategy for defeating capitalists.

The Wealdway and the Vanguard Way Apr 17 2021 Two routes with a common aim, the Wealdway and the Vanguard Way, set out to walk to the sea. The Wealdway is an 82-mile long-distance footpath from Gravesend, on the edge of the Thames, east of London, to Beachy Head. The Vanguard Way is a 62-mile footpath from East Croyden to the coast at Seaford Head. Both walks traverse delightful countryside and offer much of interest, whether walked as a whole or in short sections. From Thames-side to clifftop, from suburbs to sea, in the Wealdway and the Vanguard Way we have two long-distance routes that traverse the country spreading south from London, and in so doing explore some of the finest landscapes in the south-east.

A Veil for the Vanguard: An Epic Fantasy Novel Dec 02 2019 A magic user out of her element and a motley crew set out to search for a powerful magical artifact. Instead, they unravel long buried secrets that threaten to unleash all-out war. Why her? Kera has the least magic power in the Citadel, and they choose her to head into enemy territory? Crazy! To find the most powerful magical artifact ever known? Certifiably insane! Not to mention the thing has been lost for over a century. On top of that, she must team up with celebrated relic hunter, Jorthen. Intimidating? Just a little. But Kera has no choice. The High Council has spoken. So she boards an airship with a motley crew who have secrets of their own- and little hope of success. What they discover is far beyond an artifact, uncovering dark secrets that could launch a global war.

John Bogle and the Vanguard Experiment Feb 25 2022 The first authorized inside look at a major mutual fund company! Vanguard is, in the eyes of man, the most influential mutual fund company in America. Now the Vanguard Experiment chronicles Vanguard--from startup in 1975 to the second-largest mutual fund company in the nation today and the industry's number one service firm--reveals how John C. Bogle, Chairman of the Vanguard Group, realized his remarkable vision to build a company with over \$160 billion in assets and a reputation for keeping costs low and putting the interests of the investor first. Revolutionary, iconoclastic, and uncompromisingly committed to his founding principles, Bogle stands alone in an industry that grows increasingly greedy for higher sales charges and management fees. The Vanguard Group is best known for shining a beacon on a low-cost, customer-oriented approach that other mutual fund companies cannot ignore--and may ultimately follow. The Vanguard Experiment reveals: The Vanguard philosophy, including Bogle's "press on regardless" motto that helps the company stand behind its revolutionary tactics despite criticism from the rest of the industry; Bogle's role as the "conscience" of the industry, and his desire to reform many of its practices; The three crucial decisions made at Vanguard over the last 21 years, including: the 1975 "Vanguard Experiment", the decision to "go no load" in 1977; and the internalization of a large part of Vanguard's investment management efforts in 1981; Background on John C. Bogle, including his early years at Princeton, his career with the Wellington Management Company during the '50s and '60s, and the first frustrating years of Vanguard; In-depth interviews with Jack Bogle, Jack Brennan, and other mutual fund leaders; A rare inside look at the legendary money manager John Neff and Vanguard's Windsor Fund.

Vanguard: In Tempest's Wake Aug 10 2020 An all-new ebook exclusive adventure in the Taurus Reach with the starship crews, undercover agents, civilian colonists, and alien power players of the Vanguard saga, based on Star Trek: The Original Series.

Following the dramatic events as chronicled in *Vanguard: Storming Heaven*, the U.S.S. *Enterprise* and other starships that participated in the final battle in the Taurus Reach have been remanded to a remote starbase. While evacuees from the station are processed and the ships repaired, restocked, and re-staffed as needed, Captain James T. Kirk is ordered to report to Admiral Heihachiro Nogura, Starbase 47's second and final commanding officer. Through flashbacks intercut with the ongoing conversation between Kirk and Nogura, the *Enterprise's* involvement in the last days of Operation Vanguard—and the conflict between Starfleet and Tholian forces at Starbase 47—is now told from the perspective of Kirk and his crew.

Vanguard Jan 27 2022 "An elegant and expansive history" (New York Times) of African American women's pursuit of political power—and how it transformed America In *Vanguard*, acclaimed historian Martha S. Jones offers a new history of African American women's political lives in America. She recounts how they defied both racism and sexism to fight for the ballot, and how they wielded political power to secure the equality and dignity of all persons. From the earliest days of the republic to the passage of the 1965 Voting Rights Act and beyond, Jones excavates the lives and work of Black women—Maria Stewart, Frances Ellen Watkins Harper, Fannie Lou Hamer, and more—who were the vanguard of women's rights, calling on America to realize its best ideals. Now revised to discuss the election of Vice President Kamala Harris and the vital contributions of Black women in the 2020 elections, *Vanguard* is essential reading for anyone who cares about the past and future of American democracy.

Vanguard Jun 07 2020 Jack Campbell returns to the world of the New York Times bestselling *Lost Fleet* novels with a new action-packed military science fiction series that explores the founding of the Alliance . . . and the men and women who fought to create it. Earth is no longer the center of the universe. After the invention of the faster-than-light jump drive, humanity is rapidly establishing new colonies. But the vast distances of space mean that the old order of protection and interstellar law offered by Earth has ceased to exist. When a nearby world attacks, the new colony of Glenlyon turns to Robert Geary, a young former junior fleet officer, and Mele Darcy, a onetime enlisted Marine. With nothing but improvised weapons and a few volunteers, Geary and Darcy must face down warships and armored soldiers—or die trying. As battles rage and pirates take an increasing toll throughout the colonies, the only hope for lasting peace lies with Carmen Ochoa, a "Red" from the anarchic world of Mars, and Lochan Nakamura, a failed politician. They have a plan: to lay the groundwork for mutual defense that could someday grow into an alliance. But if their efforts don't succeed, the growing power of aggressor worlds could turn regions of space founded on freedom into battlefields between the first interstellar empires...

Spanish American Poetry After 1950 Feb 02 2020 The principal developments in Spanish American poetry in the second half of the twentieth century.

Bogle On Mutual Funds Aug 29 2019 The seminal work on mutual funds investing is now a Wiley Investment Classic Certain books have redefined the way we view the world of finance and investing—books that should be on every investor's shelf. *Bogle On Mutual Funds*—the definitive work on mutual fund investing by one of finance's great luminaries—is just such a work, and has been added to the catalog of Wiley's Investment Classic collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds' most outspoken critic; in this classic book, he provides guidance on what you should and shouldn't believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You'll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed "index" fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds Learn how to choose between the four basic types of funds Choose the lower-cost, more reliable investment structure See through misleading advertising, and watch out for pitfalls Take a look into this timeless classic and let *Bogle On Mutual Funds* show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

Vanguard of the Revolution May 19 2021 The first comprehensive political history of the communist party *Vanguard of the Revolution* is a sweeping history of one of the most significant political institutions of the modern world. The communist party was a revolutionary idea long before its supporters came to power. A. James McAdams argues that the rise and fall of communism can be understood only by taking into account the origins and evolution of this compelling idea. He shows how the leaders of parties in countries as diverse as the Soviet Union, China, Germany, Yugoslavia, Cuba, and North Korea adapted the original ideas of revolutionaries like Karl Marx and Vladimir Lenin to profoundly different social and cultural settings. *Vanguard of the Revolution* is essential reading for anyone seeking to understand world communism and the captivating idea that gave it life.

Don't Count on It! Mar 05 2020 Praise for *Don't Count on It!* "This collection of Jack Bogle's writings couldn't be more timely. The clarity of his thinking—and his insistence on the relevance of ethical standards—are totally relevant as we strive to rebuild a broken financial system. For too many years, his strong voice has been lost amid the cacophony of competing self-interests, misdirected complexity, and unbounded greed. Read, learn, and support Jack's mission to reform the industry that has been his life's work." —PAUL VOLCKER, Chairman of the President's Economic Recovery Advisory Board and former Chairman of the Federal Reserve (1979-1987) "Jack Bogle has given investors throughout the world more wisdom and plain financial 'horse sense' than any person in the history of markets. This compendium of his best writings, particularly his post-crisis guidance, is absolutely essential reading for investors and those who care about the future of our society." —ARTHUR LEVITT, former Chairman, U.S. Securities and Exchange Commission "Jack Bogle is one of the most lucid men in finance." —NASSIM N. TALEB, PhD, author of *The Black Swan* "Jack Bogle is one of the financial wise men whose experience spans the post-World War II years. This book, encompassing his insights on financial behavior, pitfalls, and remedies, with a special focus on mutual funds, is an essential read. We can only benefit from his observations." —HENRY KAUFMAN, President, Henry Kaufman & Company, Inc. "It was not an easy sell. The joke at first was that only finance professors invested in Vanguard's original index fund. But what a triumph it has been. And what a focused and passionate drive it took: it is a zero-sum game and only costs are certain. Thank you, Jack." —JEREMY GRANTHAM, Cofounder and Chairman, GMO "On finance, Jack Bogle thinks unconventionally. So, this sound rebel turns out to be right most of the time. Meanwhile, many of us sometimes engage in self-deception. So, this book will set us straight. And in the last few pages, Jack writes, and I agree, that Peter Bernstein was a giant. So is Jack Bogle." —JEAN-MARIE EVEILLARD, Senior Adviser, First Eagle Investment Management Insights into investing and leadership from the founder of The Vanguard Group Throughout his legendary career, John Bogle—founder of the Vanguard mutual fund group and creator of the first index mutual fund—has helped investors build wealth the right way, while, at the same time, leading a tireless campaign to restore common sense to the investment world. A collection of essays based on speeches delivered to professional groups and college students in recent years, in *Don't Count on It* is organized around eight themes Illusion versus reality in investing Indexing to market returns Failures of capitalism The flawed structure of the mutual fund industry The spirit of entrepreneurship What is enough in business, and in life Advice to America's future leaders The unforgettable characters who have shaped his career Widely acclaimed for his role as the conscience of the mutual fund industry and a relentless advocate for individual investors, in *Don't Count on It*, Bogle continues to inspire, while pushing the mutual fund industry to measure up to their promise.

The Vanguard May 31 2022 Adler Parkins wanted to be a normal kid with an uneventful life. Really. But when his mother is

Taken by the Common, Adler finds himself running for his life in the wild country outside his home city of Fulgor. Chased by Enforcers, threatened by FAIT and the unquestionable authority of the governing Common, Adler has a choice that's no choice at all...he's going to become a rebel, or he's going to die. Hidden beyond a mountain range the Common believes is impassable, Adler trains hard with his new allies. Yet as his skills improve, Adler discovers not everyone around him has the same goals. If he leads them to victory-if he can-will what he finds truly be what he seeks? Survival comes first, then it gets complicated.

The New Black Vanguard: Photography Between Art and Fashion (Signed Edition) Jan 15 2021 In a richly illustrated essay, curator and critic Antwaun Sargent addresses a radical transformation taking place in fashion, art, and the visual vocabulary around beauty and the body. In *The New Black Vanguard*, fifteen artist portfolios and a series of conversations feature the brightest contemporary fashion photographers. Their images and stories chart the history of inclusion (and exclusion) in the creation of the Black fashion image, while simultaneously proposing a brilliantly reenvisioned future.

Virginia in the Vanguard Dec 26 2021 Virginia in the Vanguard continues the story, begun in the *Dynamic Dominion*, of Virginia's reemergence as a competitive, trend-setting state. In the 1980s, with Reagan's revolution underway in Washington, Democrats led by Chuck Robb and Doug Wilder, the nation's only African American elected governor, reclaimed the governor's mansion and focused attention on a centrist formula as a prescription for Democratic renewal nationally. In the 1990s, hard-charging Republican George Allen reversed the party's fortunes and propelled the GOP toward control of the state's legislature and both U.S. Senate seats. *Virginia in the Vanguard* describes these and other dramatic events that have placed the 400 year-old cradle of democracy back in the forefront of American politics and produced two dynamic leaders--Republican Senator George Allen and former Democrat Governor Mark Warner--widely touted as presidential timber.

The Vanguard of the Islamic Revolution Nov 24 2021 In this groundbreaking study, Seyyed Vali Reza Nasr examines the origins, historical development, and political strategies of one of the oldest and most influential Islamic revival movements, the *Jama'at-i Islami* of Pakistan. He focuses on the inherent tension between the movement's idealized vision of the nation as a holy community based in Islamic law and its political agenda of socioeconomic change for Pakistani society. Nasr's work goes beyond the exploration of a single party to examine the diverse sociopolitical roots of contemporary Islamic revivalism, challenging many of the standard interpretations about political expressions of Islam.

In the Vanguard Oct 04 2022 In the Vanguard: Haystack Mountain School of Crafts, 1950-1969 traces the first two decades of the Haystack Mountain School of Craft's history and its pivotal impact on the world of art and craft practice in the United States during the mid-twentieth century. The first scholarly investigation of this internationally renowned school, the exhibition, and the accompanying catalogue will feature work made at Haystack or influenced by time spent there by some of the most highly recognized names in the fields of fiber, glass, ceramics, jewelry, and graphic arts to demonstrate the school's significant role in debates about art, craft, industry, and pedagogy in the United States during the 1950s and 1960s.

Haystack's model of brief summer sessions and changing instructors offered new ways of thinking about the status of craft as art and the nature of accessible design in the context of communally based, process-oriented learning. Anni Albers, Toshiko Takaezu, Jack Lenor Larsen, Kay Sekimachi, Arline Fisch, Robert Arneson, Harvey Littleton, Wolf Kahn, and Dale Chihuly are just a few of the artists who taught at the school between 1950 and 1969 and who helped define Haystack's radically open-ended approach towards art and craft. With approximately eighty objects assembled from public and private collections and archives, many rarely or never before exhibited in a museum, *In the Vanguard* will establish the substantial legacy of this remote community of makers in the art and education world at large. Archival material installed throughout the exhibition will include original correspondence, photographs, brochures, architectural models, posters, and early ephemera. Published in association with the Portland Museum of Art. Exhibition dates: Portland Museum of Art, Maine: May 24-September 8, 2019 Cranbrook Academy of Art, Michigan: November 15, 2019-March 8, 2020

The Vanguard Messiah Dec 14 2020 In recent years the role of religion in the avant-garde has begun to attract scholarly interest. The present volume focuses on the work of the Romanian Jewish poet and visual artist Isidore Isou (1925-2007) who founded the *lettrist* movement in the 1940s. The Jewish tradition played a critical part in the Western avant-garde as represented by *lettrism*. The links between *lettrism* and Judaism are substantial, yet they have been largely unexplored until now. The study investigates the works of a movement that explicitly emphasises its vanguard position while relying on a medieval religious tradition as a source of radical textual techniques. It accounts for *lettrism's* renunciation of mainstream traditions in favour of a subversive tradition, in this case Jewish mysticism. The religious inclination of *lettrism* also affects the notion of the avant-garde. The elements of the Jewish tradition in Isou's theories and artistic production evoke a broader framework where religion and experimental art supplement each other.

Beyond the Vanguard Apr 29 2022 For a thousand days in the early 1970s, Chileans experienced revolution not as a dream but as daily life. Alongside Salvador Allende's attempt to democratically bring about a socialist regime, new understandings of the meaning of revolutionary change emerged. In her groundbreaking book *Beyond the Vanguard*, Marian E. Schlotterbeck explores popular politics in Chile in the decade before Augusto Pinochet's dictatorship and provides an in-depth account of how working-class people transformed the existing social order by embracing radical politics. Schlotterbeck eloquently examines the lost opportunities for creating a democratic revolution and the ways that the legacy of this period continues to resonate in Chile and beyond. Learn more about the author and this book in an interview published online with Jacobin.

Straight Talk on Investing Apr 05 2020 Classic investment guidance for everyone As Chairman and CEO of one of the most respected mutual fund companies in the world, The Vanguard Group, Jack Brennan has made a career out of helping people invest for long-term success. In *Straight Talk on Investing*, he cuts to the chase and provides readers with sound advice and solid guidance to investing for today and tomorrow, in a bull market or bear market. Starting with a clear explanation of the financial facts of life, Brennan explains that investing is a lot easier than most people think. He shows readers how to develop a financial plan, construct and manage a sensible investment program, and maintain perspective in a sometimes crazy world. Refreshing in its simplicity and honesty, *Straight Talk on Investing* is a badly needed tonic to the hangover of the bull market of the 1990s. Filled with meaningful guidance for investors from a leading investment luminary, this invaluable resource will help readers make better investment decisions and restore financial faith in themselves, so they can confidently navigate the markets toward their financial goals. Jack Brennan (Wayne, PA) is the Chairman and CEO of The Vanguard Group, the world's second-largest mutual fund company, with \$600 billion in assets under management and 15 million shareholder accounts. Mr. Brennan is a frequent guest on financial news programs and is regularly quoted in leading business and personal finance publications, including *The Wall Street Journal* and *The New York Times*. In 2000 and 2001, *SmartMoney* ranked him as one of the most influential individuals in investing. Marta McCave (Wayne, PA) is a senior financial writer for The Vanguard Group and a former journalist. She was a founding member of the national reporting staff of *USA Today* and was a contributor to a number of newspapers and magazines before joining Vanguard.

Vanguard: Declassified Jul 09 2020 The Taurus Reach: the source of a secret that has driven the great powers of the 23rd century to risk everything in the race to control it. Now four new adventures—previously untold tales of the past and present, with hints of what is yet to come—begin the next great phase in the Vanguard saga. Witness the dawn of Starbase 47, as Ambassador Jetanien faces choices that will shape the future of Operation Vanguard. Follow journalist Tim Pennington as he reaches a crossroads in his search for the truth. See how the crises on two colonies transform the lives of Diego Reyes and Rana Desai. And travel with Cervantes Quinn to a deadly confrontation that will change everything—all in one unforgettable

Star Trek collection.

In the Legion of the Vanguard Mar 17 2021 An account of John A. Pinkman's childhood in Liverpool's Irish community and his involvement in the IRA and the civil war in Ireland. He presents an eyewitness account of the fighting in Kilkenny, Dublin and Munster, and supplies information on the deaths of Cathal Brugha and Michael Collins.

The Man in the Arena Sep 22 2021 The importance of the life's work of mutual fund pioneer and investing legend John C. Bogle. *The Man in the Arena* offers the essence of John C. Bogle's thinking and the meaning of his life's work, which transformed individual investing to benefit tens of millions of investors. Through Bogle's own words—as well as the voices of others whose hearts and minds he touched—the book touches on topics he cares about most deeply: Vanguard, indexing, corporate governance, and a fiduciary society. From Vanguard shareholders to true giants in finance, one cannot read their words without being struck by their sheer intensity. Bogle's parade of admirers is passionate. It is led by, arguably, the two most acclaimed leaders of our day—in the world of investing and the public life of the world—Warren Buffett and President Bill Clinton. The book is a first take at putting Bogle's life work into a broader context. It includes some of Bogle's classic essays and leads to an agenda of reform Bogle feels is essential to preserve our democratic republic. It features insight on the man from such commentators as Arthur Levitt, Burton Malkiel, Paul Volcker, and many more. Features wisdom and commentary on the career and life of legendary investor John C. Bogle. Presents a summary of Bogle's prominent and successful career, as well as his investing strategies. Includes commentary from a Who's Who of top investors.

The House that Bogle Built: How John Bogle and Vanguard Reinvented the Mutual Fund Industry Nov 12 2020 "One of the best financial books of 2011." National Post John Bogle's journey from financial-industry pioneer to one of its toughest critics. Arguably the greatest shareholder advocate in the history of Wall Street, John Bogle not only created the first index mutual fund but has become the primary voice for change in an industry plagued by excess and complacency. Bogle stumbled upon mutual funds by accident in 1949 as a college student at Princeton. In his junior year, he read a *Fortune* article about the burgeoning fund industry that sparked his interest, and he wrote his now famous senior thesis about it. What began as an intellectual pursuit would turn into Bogle's life mission. *The House That Bogle Built* chronicles the years of Bogle's development from college whiz kid into a titan of the mutual fund industry and shareholder advocate—highlighting his creation of the Vanguard Group and the Vanguard 500 Index Fund and his frequent battles to shake up the status quo. It takes you through the two decades he spent running Vanguard, until his forced retirement in 1999, and discloses what he thinks about the fund industry today. Bogle has always stood out for his extraordinary talents in math, analysis, management, and investing. But his most noteworthy trait is his most basic: his humanism in an industry not exactly famous for placing people over profit. It's Bogle's dedication to clients' interests above all else that has earned him the reputation as the "conscience" of the investing industry. In his ninth decade of life, Bogle is remarkably candid about the role he plays at Vanguard today—and about his opinion of Jack Brennan, his successor. "How do you keep Vanguard a place where judgment has at least a fighting chance to triumph over process?" he asks. Skeptical but never defeatist, Bogle maintains a retired-but-active status at the company, keeping a close watch over those now at the helm of Vanguard. *The House That Bogle Built* reveals one of the investing world's most fascinating and complex figures. A dogged advocate of shareholder democracy, he was a self-confessed "dictator" at Vanguard. A brilliant mathematician, he is more interested in people than numbers. Fiercely competitive, he bemoans the cut-throat approach that drives his industry of choice. Always, though, Bogle places the good of the client before anything else—a practice that has become steadily rarer in his business. *The House That Bogle Built* provides an insightful look at the past, present, and future of one of today's largest industries, through the eyes of one of its most influential pioneers.

The Vanguard Leader Sep 10 2020

Character Counts Jul 01 2022 This text tells how Bogle built Vanguard and transformed the investing world. It also distills the principles upon which the company stands, as well as the key milestones of the company. Started in 1974, Vanguard has emerged as one of the world's most important financial institutions.

The Vanguard Sep 03 2022 When a prince finds his soul mate in an enemy soldier, he must fight everyone around him to keep his love. Prince Rathian is the Emperor—or Supreme Commander—of the Vanguard, the most elite unit in the Launioc army. His men fight not only for their country and Prince, but they fight for each other. Launioc's King sends the army into war against Villious and their Queen. As his men die, Rathian's heart breaks and he longs to find the one person to help him survive the war and the loss of his men. Stakel is a Queen's Consort and is abandoned by his fellow Consorts during a battle with the Vanguard. Taken prisoner, he finds himself learning about the enemy he'd been taught to hate. Stakel has been forced to do things he hated and fight for a ruler he owes no loyalty. In Rathian, Stakel finds not only a ruler, but a lover to whom he can give all of himself.

Vietnam at the Vanguard Mar 29 2022 This transdisciplinary edited book explores new developments and perspectives on global Vietnam, touching on aspects of history, identity, transnational mobilities, heritage, belonging, civil society, linguistics, education, ethnicity, and worship practices. Derived from the *Engaging With Vietnam: An Interdisciplinary Dialogue* conference series, this cutting-edge collection presents new scholarship and also represents new ways of knowing global Vietnam. Over the past 10 years, knowledge production about Vietnam has diversified in various ways as globalization, the internationalization of higher education, and the digital revolution have transformed the world, as well as Vietnam. Whereas as late as a decade ago, knowledge about Vietnam was still largely the preserve of scholars in Vietnam and a coterie of related experts outside of the country at a select few universities, today we find scholars working on Vietnam in myriad contexts. This transformation has introduced new voices and new perspectives, which this book champions. A critical text engaging a range of historical and contemporary debates about Vietnam, this book is an indispensable volume for the Southeast Asian Studies student and scholar in the humanities and social sciences.

Dispatches from the Vanguard Aug 02 2022 Scheduled for release at the top of the 2020 US Presidential election, *Dispatches from the Vanguard* channels the global soul's hunger for freedom from authoritarian control. Partnering with dozens of Pulitzer Prize Winners, New York Times Best Sellers, poet laureates, TED speakers, and influencers within the Global International African Arts Movement, including Ishmael Reed, Tyehimba Jess, Rich Fresh, Nikki Giovanni, Nnedi Okorafor, Chester Higgins, Tori Reid and Jaki Shelton Green, *Dispatches* offers a poignant, high-frequency rebuke of Donald J. Trump (actual man, strawman and metaphor for white privilege and capitalist despotism) and his ruthless amoral presidency. As we approach a key moment in the recent history of American politics, *Dispatches from the Vanguard* is a timely intervention, showing us how we can challenge the impact and influence of politics when it is solely a means of authoritarian control.

50 Years at the Village Vanguard May 07 2020

Stay the Course Nov 05 2022 A journey through the Index Revolution from the man who started it all. *Stay the Course* is the story the Vanguard Group as told by its founder, legendary investor John C. Bogle. This engrossing book traces the history of Vanguard—the largest mutual fund organization on earth. Offering the world's first index mutual fund in 1976, John Bogle led Vanguard from a \$1.4 billion firm with a staff of 28 to a global company of 16,000 employees and with more than \$5 trillion in assets under management. An engaging blend of company history, investment perspective, and personal memoir, this book provides a fascinating look into the mind of an extraordinary man and the company he created. John Bogle continues to be an inspiring and trusted figure to millions of individual investors the world over. His creative innovation, personal integrity, and stubborn determination infuse every aspect of the company he founded. This accessible and engaging book will help you:

Explore the history of some of Vanguard's most important mutual funds, including First Index Investment Trust, Wellington Fund, and Windsor Fund Understand how the Vanguard Group gave rise to the Index Revolution and transformed the lives of millions of individual investors Gain insight on John Bogle's views on values such as perseverance, caring, commitment, integrity, and fairness Investigate a wide range of investing topics through the lens of one of the most prominent figures in the history of modern finance The Vanguard Group and John Bogle are inextricably linked—it would be impossible to tell one story without the other. Stay the Course: The Story of Vanguard and the Index Revolution weaves these stories together taking you on a journey through the history of one revolutionary company and one remarkable man. Investors, wealth managers, financial advisors, business leaders, and those who enjoy a good story, will find this book as informative and unique as its author.

Separate Roads to Feminism Jul 21 2021 The development of the era known as the 'second wave' of US feminist protest. **The Vanguard Jun 27 2019** Space is cold. But the heart of an Omega Captain is colder still. Earth is lost, but despite the situation appearing hopeless, Captain Lucas Sterling knows that the war is far from over. Now they are no longer fighting to save humanity - they are fighting to avenge it. In order to strike at the heart of the Sa'Nerran empire, Sterling must first destroy the alien super-weapon that laid waste to Earth and the inner colonies. It seems like another impossible task, but this time Sterling has an ace up his sleeve in the form of new recruit, Ensign One. Even so, to succeed in his mission, Sterling must make the hardest decision of his life - one from which there is no turning back. With the stage set for the final battle with the Sa'Nerra, Sterling must unite the surviving factions in the Void in order to mount an assault on the alien home world. With the Fleet Dreadnaught Vanguard leading the attack, the newly-revitalized Omega Taskforce is finally ready to repay blood with blood. However, this time Sterling and his crew must not only face the emissaries of the Sa'Nerra, but the leader of the Sa'Nerran empire itself - the fearless and cruel Sa'Nerran Emperor. The Omega Directive is in effect and the only way it ends is with the annihilation of the Sa'Nerran empire, no matter the cost. The Vanguard is the sixth and final book of the Omega Taskforce military sci-fi series by G J Ogden. If you like the sound of Battlestar Galactica crossed with Star Trek's Section 31, you'll love it. Enjoy ruthless alien warriors, running gun battles, devastating space combat, mystery, high-stakes action and epic twists. Start reading today!

The Vanguard of the Atlantic World Oct 24 2021 In the nineteenth century, Latin America was home to the majority of the world's democratic republics. Many historians have dismissed these political experiments as corrupt pantomimes of governments of Western Europe and the United States. Challenging that perspective, James E. Sanders contends that Latin America in this period was a site of genuine political innovation and popular debate reflecting Latin Americans' visions of modernity. Drawing on archival sources in Mexico, Colombia, and Uruguay, Sanders traces the circulation of political discourse and democratic practice among urban elites, rural peasants, European immigrants, slaves, and freed blacks to show how and why ideas of liberty, democracy, and universalism gained widespread purchase across the region, mobilizing political consciousness and solidarity among diverse constituencies. In doing so, Sanders reframes the locus and meaning of political and cultural modernity.

The Little Book of Common Sense Investing Jul 29 2019 The best-selling investing "bible" offers new information, new insights, and new perspectives The Little Book of Common Sense Investing is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective investment strategy for building wealth over the long term: buy and hold, at very low cost, a mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of Little Book of Common Sense was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me." Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of The Little Book of Common Sense Investing offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. The Little Book of Common Sense Investing is a solid guidebook to your financial future.

Verses on the Vanguard Feb 13 2021 Six of the most remarkable contemporary Russian poets present their groundbreaking verse in a bilingual poetry collection published in partnership with PEN America's Writers in Dialogue project. In 2020, as international travel skidded to a halt, PEN America's Writers in Dialogue project--which opens the exhilarating world of contemporary Russian poetry to American readers by bridging the American and Russian literary communities--went remote, using online connection to foster collaborations between daring emerging or undertranslated poetic voices and dexterous translators. In this remarkable volume, the Russian poets and American translators who were paired for this initiative present their collaborative work in a bilingual format, along with conversations about the pleasures, challenges, and intimacies of translation. English-reading audiences will have an opportunity to experience the boldness and range, stylistic and thematic, of Russia's vital poetry scene. Featuring Ainsley Morse, Maria Galina, Catherine Ciepiela, Aleksandra Tsibulia, Anna Halberstadt, Oksana Vasyakina, Elina Alter, Ivan Sokolov, Kevin M.F. Platt, Ekaterina Simonova, Valeriya Yermishova, and Nikita Sungatov.

Harbinger Oct 12 2020 Imagine Alias combined with Star Trek and you have the idea behind VANGUARD, a new concept for Star Trek fiction that takes it in a compelling new direction, presenting a new perspective on the classic Original Series era, with novels running parallel to Kirk's original five-year mission. VANGUARD is a Starfleet space station charged with the exploration and colonization of a region of space that holds a highly coveted, mysterious, and potentially cataclysmic secret - one that the Federation must solve before anyone else. The race is on and at the centre of this intrigue is an eclectic mix of Starfleet and civilian protagonists unlike any crew previously seen in Star Trek. Their turbulent lives aboard the station and on the ships they travel are painted against the backdrop of an evolving storyline that will gain momentum as the series progresses and the layers of ancient mystery are steadily peeled back, one after another.
