Management and Organisational Behaviour Aug 17 2021 Presenting a managerial approach to the study of organisational behaviour, with an emphasis on improving working performance through a better understanding of human resources, this book contains summaries, review questions, and assignments.

Introduction to Organisational Behaviour Nov 27 2019 Get a thorough grounding in the context, theory and practice of organizational behaviour

Organizational Behaviour and Management Sep 25 2019

Organizational Behaviour Apr 24 2022 Organizational Behaviour, Third Edition, builds on the strengths and successes of the previous editions and has been fully updated to reflect changes in the world of work and the context of organizational behaviour within that world. The authors combine a managerial approach, focusing on practical, real-world applications, with a rigorous critical perspective that analyses the research behind the theories. The text addresses alternative theoretical perspectives, in parallel to the introduction of new worldwide cases and

examples. The concise coverage of the core topics can be applied to both one-semester and year-long teaching and learning patterns. In addition, the text includes a strong applied focus stressing the applicability of all topic areas in work organisations, as well as examples from across a wide variety of business and geographic sectors. The fully updated online resource package at www.wiley.com/college/french includes PowerPoint slides, a lecturer test bank, instructor's manual and additional cases. Students can access self-test quizzes, glossary flashcards, a student study guide and links to relevant journal articles, as well as interactive modules and skills assessments.

Organizational Behaviour Apr 12 2021 *Organizational Behaviour* is the only text to use a running case study to demonstrate the application of organizational behaviour in the real world, helping students with limited or no real-life experience of the business world to engage critically and effectively with the subject.

Work Psychology and Organizational Behaviour Jul 28 2022 Tracing the development of work psychology and organizational behaviour from the early 20th century to the present, this book focuses on the relations between knowledge, power and practice. The author charts the impact of such psychology upon the emergence of new management tools.

Organisational Behaviour Mar 24 2022 This refreshing textbook shows how research into human behaviour can be applied in the workplace. It is focussed on helping students to develop the key skills they will need as future managers and employees. It assumes no prior work experience, and instead asks students to draw on their everyday experiences. They are invited to complete a range of innovative activities designed to deepen their understanding of key topics, such as personality, perception, and motivation. The book is an ideal length for one-semester taught courses. It is aimed primarily at first and second year undergraduate students on business and management degrees, who are taking OB modules for the first time, though could also be used on postgraduate and MBA courses.

Essentials of Organisational Behaviour May 26 2022 This concise introduction to *Organisational Behaviour* has been developed specifically for short courses and/or non-specialist business students. It focuses on the core topics of the discipline in a detailed and engaging way, providing a readable introduction to the key theory and offering real-life examples to show its application in practice. Written for students on undergraduate and postgraduate degree programmes, this text is particularly suitable for students of non-business disciplines (e.g. engineering, IT, social sciences and others) who are taking an introductory module in business.

Positive Organizational Behavior Mar 12 2021 *Positive Organizational Behaviour* is emerging as a truly contemporary movement within the classic discipline of organizational behaviour. The best work of leading scholars is gathered together in one edited collection. Chapters study the states, traits and processes that compromise this exciting new science. In addition to mapping the field, this collection goes one step further and invites noted experts to identify the methodological challenges facing scholars of *Positive Organizational Behaviour*. *Positive Organizational Behaviour* constitutes the study of positive human strengths and competencies, how it can be facilitated, assessed and managed to improve performance in the workplace. Its roots are firmly within positive psychology but transplanted to the world of work and organizations. This book showcases the cutting edge of this an exciting and challenging new area within *Organizational Behaviour*. It should be read by anyone who is interested in extending their knowledge of this field. Debra Nelson has a website at <http://www.nelsonquickgroup.com>

Organizational Behaviour: Text and Cases, 3rd Edition Mar 31 2020 The third edition of *Organizational Behaviour: Text and Cases* offers a concise yet comprehensive coverage of the theories that determine behaviour in organizations. The relationship between effective organizational behaviour and the effective functioning of an organization is established through a clear and lucid style of presentation. With

the help of necessary concepts, tools and techniques necessary for understanding behaviour in organizations, this book attempts to unfold human behaviour at four levels; starting from the individual processes and moving on to the interpersonal, organizational, and change processes. It encourages active learning through exercises, field projects and case studies, and develops competencies that are essential for becoming successful managers and effective employees in organizations. The three new chapters—Career, Planning and Management; Performance and Reward Management; and Gender Issues in Management—help readers understand organizational behaviour in the current Indian business scenario better. KEY FEATURES • Classroom-tested case studies pertaining to actual incidents from the workplace • Several examples from BPCL, HCL Technologies, Wipro, Infosys and SAP highlighting the best practices in the industry • Caselets focusing on behavioural issues in organizations • Field projects involving students in data collection and analysis • Marginalia summarizing crucial points and serving as quick references • A companion website featuring multiple-choice questions, learning objectives, an instructor's manual, and PowerPoint lecture slides enabling effective presentation of concepts

Organizational Behaviour and Work Oct 07 2020 A critical yet accessible introduction to organisational behaviour and work, this book will help you understand the complexities of organisational life and evaluate modern business practices. Classic organisational behaviour topics such as team-working, motivation, and change are complemented by core critical approaches such as power and control, organisational misbehaviour, and health and well-being through a clear three-part structure. Students are encouraged to look beyond a descriptive approach and truly engage with the content. Examples and 'Stop and Think' boxes placed throughout chapters, as well as end-of-chapter case studies with accompanying questions, provide the opportunity for this engagement and show how each chapter's theoretical coverage applies in real-life business situations.

Organisational Behaviour Jun 14 2021 "In a relatively short text, the authors cover a wide range of issues, relate them to students' popular imagination and experience, and anchor them firmly in a contemporary business context, all of which is extremely valuable." "Samantha Warren, University of Portsmouth" "One of the great strengths of this text is that in every chapter I found something new or different. There are also strengths in the structure, design and content of the book which continue to make it a popular choice with me and my students" "Linda Horner, Coventry University" This third edition of "Organisational Behaviour" provides a concise, selective and rigorous introduction to the subject. With up-to-date reference to contemporary themes and work in the field, the book examines behaviour within the context of the individual, groups and teams, and finally the organisation itself. Regular questions encourage critical reflection on the most important schools of thought, and a wealth of case studies and illustrations in film apply these theories to recognisable practice. KEY FEATURES Succinct and accessible introduction to the subject Coverage of key issues such as gender, diversity and culture "OB in Film" feature provides popular alternative organisational contexts Managerial Implications sections ground theories in everyday practice Range of short and long cases Frequent questions encourage critical reflection The book is aimed at students taking modules in

Organisational Behaviour on undergraduate and postgraduate business degrees. It is also suitable for post-experience and professional qualifications, as well as the more general reader with a background of study in the social sciences. About the Author Dr Ian Brooks is Dean of the Northampton Business School, The University of Northampton

Organisational Behaviour Jul 04 2020 A text on organizational behaviour, for second-year (and beyond) degree students on semesterized courses. A three-part structure links theory, case studies and a workbook section of questions and mini-cases.

Culture and Organizational Behaviour Aug 05 2020 Culture and Organizational Behaviour is a textbook for management studies that highlights the effect of the confluence of Western and Indian cultural influences. It adheres to the syllabi of the organizational behaviour courses followed in most major universities and management institutes. The book presents basic knowledge of organizational behaviour as developed in the West, adds to these the latest global research findings, and situates them in the Indian cultural perspective. It also highlights the issues that emanate from the interface of the Indian culture and organizational behaviour. Key Features: - Contains updated case studies from Indian organizations - Focuses on current and emerging strategies in organizational structures, leadership, power and politics - Covers topics like balancing work and other responsibilities, power and politics, and conflict and negotiation, which, though extremely crucial to organizational behaviour, have perhaps not got due attention in the existing literature - Presents the relatively unexplored effects of Indian culture on organizational behaviour. Provides a platform where both theoretical and practical issues can be addressed by managers, researchers, students and teachers alike.

Organisational Behaviour in the Workplace Jul 16 2021 A comprehensive textbook, completely refreshed to engage students through real life case studies and develop their critical thinking. A new title to reflect the focus on organisational behaviour and written specifically for undergraduate first year students.

Organizational Behaviour Jun 22 2019 This book offers a fresh and comprehensive approach to the essentials that constitute the discipline of organizational behaviour with a strong emphasis on the application of organizational behaviour and performance management in practice. It concentrates on the development of effective patterns of behaviour, values and attitudes, and relates these issues to effective organization performance in times of organizational and environmental change and turbulence. The book is divided into four parts, providing a clear structure for the study of the subject: Part One: The context of organizational behaviour Part Two: The disciplines of organizational behaviour Part Three: Organizational behaviour in practice Part Four: Organizational behaviour - expertise and application

Organizational Behaviour is packed with references to current topics, practical examples and case studies from large corporations from around the world, including Ryanair, The Body Shop and RBS. This book covers examples of both good and bad practice, making it an interesting and unique introduction to the study of organizational behaviour.

The SAGE Handbook of Organizational Behavior Jan 28 2020 This milestone handbook brings together an impressive collection of international contributions on micro research in organizational behavior. Focusing on core micro organizational behaviour issues, chapters cover key themes such as individual and group behaviour. The SAGE Handbook of Organizational Behavior Volume One provides students and scholars with an insightful and wide reaching survey of the current state of the field and is an indispensable road map to the subject area. The SAGE Handbook of Organizational Behavior Volume Two edited by Stewart R Clegg and Cary L Cooper draws together contributions from leading macro organizational behaviour scholars.

Organisational Behaviour Sep 17 2021 A succinct, lively and robust introduction to the subject of OB that offers clear, focussed coverage of the most important topics in an accessible way. Brooks et al aims to encourage critical examination of the

theory of organisational behaviour whilst also enabling students to interpret and deal with real organisational problems. It has proved a popular student choice because it combines relative brevity with thorough coverage and plentiful real-world examples. This book is particularly well-suited to short or introductory courses or those requiring a concise but broad introduction to organisational behaviour.

The SAGE Handbook of Organizational Behavior Dec 09 2020 `The Sage Handbook of *Organizational Behaviour* is a fine addition to past works of reference in the field, edited by two prominent scholars who are internationally known. Its approach is both

critical and original in many incisive ways, aspiring to a cutting-edge coverage of the core and periphery of OB. Many of the chapter authors stick their necks out and avoid the more obvious, conventional expositions of their topic. It covers a wide range of topics of potential use to both undergraduate and postgraduate students of the subject, as well as academics, researchers and practitioners. It will be of particular interest to those on MBA and DBA courses. It can be strongly recommended as an essential faculty library purchase, as well as a useful tool for individuals interested in having such a guide to the subject at hand' - Professor Malcolm Warner, Emeritus Fellow, Wolfson College and Judge Business School, University of Cambridge `This important new Handbook brings together for the first time a collection of major contributions on macro-organizational behaviour. This area of study is concerned with the ways in which the people who inhabit organizations make sense of their situations, contributing to the distinctive character of those organizations through their actions and struggles. The conventional literature, artificially divided between micro organizational behaviour and organization theory, has under-explored this obvious conjunction between people and organizations. Stewart Clegg and Cary Cooper perform a great service in helping to make good the deficiency' - John Child, Professor of Commerce, Birmingham Business School `Thorough and comprehensive. Thoughtful critique and new insights' - Chris Argyris, James B. Conant Professor, Emeritus, Harvard University In this second volume of The SAGE Handbook of Organizational Behavior, the focus is on macro-organizational behavior, revealing ways in which the person and group affect the organization. Chapters are written by eminent and upcoming scholars in the field, each presenting on the major issues in organizational behavior as seen with a macro-lens. The Handbook is divided into three parts, the first introducing and framing the field; the second part considering the various organizational processes involved, including learning, teamwork, identity and power, among others, while finally Part Three introduces organizing on a macro-scale, covering topics such as organizational change, design governance and globalization. The SAGE Handbook of Organizational Behavior: Macro Approaches is an essential resource for researchers and students across management and organization studies.

Organizational Behavior Dec 21 2021 Organizational Behavior is a unique text that thoroughly explores the topic of organizational behavior using a strengths-based, action-oriented approach while integrating important topics such as leadership, creativity and innovation, and the global society. Authors Afsaneh Nahavandi, Robert B. Denhardt, Janet V. Denhardt, and Maria P. Aristigueta focus on the interactions among individuals, groups, and organizations to illustrate how various organizational behavior topics fit together. This text challenges students to develop greater personal, interpersonal, and organizational skills in business environments, as well as utilize their own strengths and the strengths of others to achieve organizational commitment and success.
