The Song of the Sirens Dec 24 2019 In this collection of his essays on Homer, some new and some appearing for the first time in English, the distinguished scholar Pietro Pucci examines the linguistic and rhetorical features of the poet's works. Arguing that

there can be no purely historical interpretation, given that the parameters of interpretation are themselves historically determined, Pucci focuses instead on two features of Homer's rhetoric: repetition of expression (formulae) and its effects on meaning, and the issue of intertextuality.

Homer: The Odyssey Jul 11 2021 This handy guide to The Odyssey will introduce students to a text, which has been fundamental to literature for nearly 3000 years. Readers will be introduced to the world in that the Odyssey was produced, to the text itself and to its origins in oral poetry. This volume gives a summary of the poem and examines its structure. The unity, values and techniques of the poem are clearly outlined, as are the reasons for its longstanding appeal. This guide delves into the

diverse world of the story; that of monsters, gods, and enchantresses which interacts with the very different world of the home, marriage and the family. Students will be introduced to the essential themes of loyalty and betrayal, and guided through the narrative of Odysseus' adventures, which also illustrate the workings of the world and the justice of heaven. Readers will also find a very helpful guide to further reading.

Homer's Odyssey Sep 20 2019 This volume assembles sixteen authoritative articles on Homer's Odyssey that have appeared over the last thirty years. Papers have been selected for their clarity and accessibility, and each is informed by close attention to philological and textual detail. A full glossary and list of abbreviations have been included, and a specially written introduction puts the selections in a wider context by giving an overview of major strands in the interpretation of Homer in the second half of the twentieth century.

The Meaning of Meat and the Structure of the Odyssey Apr 27 2020 This

comprehensive study of the Odyssey sees in meat and meat consumption a centre of gravitation for the interpretation of the poem. It aims to place the cultural practices represented in the poem against the background of the (agricultural) lived reality of the poem's audiences in the archaic age, and to align the themes of the adventures in Odysseus' wanderings with the events that transpire at Ithaca in the hero's absence. The criminal meat consumption of the suitors of Penelope in the civilised space of Ithaca is shown to resonate with the adventures of Odysseus and his companions in the pre-cultural worlds they are forced to visit. The book draws on folklore studies, the anthropology of hunting cultures, the comparative study of oral traditions, and the agricultural history of archaic and classical Greece. It will also be of interest to narratologists and students of folklore and Homeric poetics.

The Shield of Homer Jun 22 2022 In this masterly interpretation of narrative sequence in the Iliad, Keith Stanley not only sharpens the current debate over the date and creation of the poem, but also challenges the view of this work as primarily a celebration of heroic force. He begins by studying the intricate ring-composition in the verses describing Achilles' shield, then extends this analysis to reveal the Iliad as an elaborate and self-conscious formal whole. In so doing he defends the hypothesis that the poem as we know it is a massive reorganization and expansion of earlier "Homeric"

material, written in response to the need for a stable text for repeated performance at the sixth-century Athenian festival for the city's patron goddess. Stanley explores the arrangement of the poem's books, all unified by theme and structure, showing how this allowed for artistically satisfying and practically feasible recitation over a period of three or four days. Taking structural emphasis as a guide to poetic discourse, the author argues that the Iliad is not a poem of "might"--as opposed to the Odyssean celebration of "guile"--but that in advocating social and personal reconciliation the poem offers a profound indictment of a warring heroic society. The Making of the Odyssey Mar 27 2020 'The Making of the Odyssey' is a penetrating study of the background, composition, and artistry of the Homeric Odyssey, which places the poem in its late seventh-century context in relation to the

Reading the Odyssey Feb 18 2022 This wide-ranging collection makes available to specialists and nonspecialists alike important critical work on the Odyssey produced during the last half century. The ten essays address five major concerns: the poem's programmatic representation of social and religious institutions and values; its transformation of folktales and traditional stories into epic adventures; its representation of gender roles and, in particular, of Penelope; its narrative strategies and form; and its relation to the Iliad, especially to that epic's distinctive conception of heroism. In the introduction, Seth L. Schein describes the poetic background to the work and suggests a variety of interpretive approaches, some of which are developed in the essays that follow. These essays include previously published work by Jean-Pierre Vernant, Pierre Vidal-Naquet, Pietro Pucci, and Charles P. Segal. There also are a new essay by Laura M. Slatkin, two revised and expanded ones by Nancy Felson-Rubin and Michael N. Nagler, and three appearing in English for the first time by Uvo Hlscher, Karl Reinhardt, and Vernant. The result is a collection that juxtaposes older, often hard-to-find articles with significant newer pieces in a way that allows for a fruitful dialogue among them.

Arete and the Odyssey's Poetics of Interrogation Dec 04 2020 *Arete and the Odyssey's Poetics of Interrogation* explores how the enigmatic Phaeacian queen, Arete, is at the heart of an epic-scale "poetics of interrogation" used throughout the *Odyssey* to negotiate Odysseus' kleos, or epic renown. Arete's interrogation of Odysseus has been especially problematic in scholarship, but diachronic and synchronic analysis of similar interrogations across Indo-European, Orphic, and Greek epigrammatic corpora show

that the "stranger's interrogation" is a formula that demands performance and negotiation of status. Within the *Odyssey*, this interrogation is part of an intraformular network used to generate *kleos*, and the queen's question initiates the longest and most complex negotiation of Odysseus' status in epic and memory. Arete's role as interrogator not only explains her strange authority and resonance with both Penelope and comparative afterlife figures, but it also establishes a gendered, agonistic tension between she and her husband, Alkinoos, that influences the structure, genre, and narratology of performances across the Phaeacian episode. This book reinterprets the *Odyssey*'s central episode and challenges several assumptions about Nausikaa and Alkinoos' famed hospitality, even demonstrating how the Apologue is organized as a response to competing inquiries into Odysseus' fundamental status in tradition. The *Odyssey* ultimately navigates away from Odysseus' public reputation and roots his status in private memories, and Arete's carefully arranged interventions signal the larger process by which the *Odyssey* immortalizes Odysseus in poetry as a *nostos* hero. The queen and her question invite new applications of oral poetics that shed light on the structure, composition, and reperformance of the *Odyssey*.

A Taste of Honey Nov 15 2021 It's chaotic - a bit of love, a bit of lust and there you are. We don't ask for life, we have it thrust upon us. Written by Shelagh Delaney when she was nineteen, A Taste of Honey is one of the great defining and taboo-breaking plays of the 1950s. When her mother, Helen, runs off with a car salesman, feisty teenager Jo takes up with a black sailor who promises to marry her before he heads for the seas, leaving her pregnant and alone. Art student Geoff moves in and assumes the role of surrogate parent until misguidedly, he sends for Helen and their unconventional setup unravels. A Taste of Honey offers an explosive celebration of the vulnerabilities and strengths of the female spirit in a deprived and restless world. Bursting with energy and daring, this exhilarating and angry depiction of harsh, working-class life in post-war Salford is shot through with love and humour, and infused with jazz. The play was first presented by Theatre Workshop at the Theatre Royal Stratford, London, on 27 May 1958.

The Seven Basic Plots Sep 25 2022 This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a

uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.
