The Incal: Psychoverse Jul 28 2022 In a shocking and explosive prequel to the legendary and best-selling INCAL saga, prepare to enter...the Psychoverse.

Albina and the Dog-Men May 14 2021 From the psychomagical guru who brought you *The Holy Mountain* and *Where the Bird Sings Best* comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slavering animal lurking inside the men of a small village. When two women—an amnesiac goddess and her protector, a leather-tough woman called Crabby—arrive in a Chilean desert town, Albina's otherworldly allure and unfettered sensuality turn men into wild beasts. Chased by a clubfooted corrupt cop, evil corporate overlords, giant-hare-riding narcos, and Himalayan cultists, Albina and Crabby must find a magical cactus that will cure Albina and the men's monstrous affliction before the town consumes itself in an orgy of lust and violence. *Albina and the Dog-Men* is Alejandro Jodorowsky's darkly funny, shocking, and surreal hybrid of mystical folktale, road novel, horror story, and social parable, ultimately uniting in a universal story of love against the odds and what makes us human. Praise for *Albina and the Dog-Men* "Deeply psychological and mysterious, the book will stimulate the imagination of the reader's mind to the extreme." —Marina Abramovi? "In his latest novel, Jodorowsky builds on his multi-decade long assault of the public imagination . . . a fantastical and genre-defying parable of love and friendship. . . . Throughout this dark dream of a novel, Jodorowsky's writing is comic and occasionally mesmerizing. It is also ripe with horror and philosophical questions about what it means to belong, everywhere and nowhere. And while some of the subject matter is disturbing, it often carries the air of something ancient that you read children by a fire. For years Jodorowsky has proven the intensity of his imagination, and how far he is willing to go to present his singular vision to the world. He is a fully realized artist whose tales demand attention. At its core, *Albina and the Dog-Men* is a love story about two people committed to one another's survival and to discovering their potential. And, as with life, it is sometimes only through the weathering of a storm that our true capacities are made clear." —Juan Vidal, NPR Books "[*Albina and the Dog-Men*] may be the ultimate piece of Jodorowsky arcana, a mind-bending adventure story on par with his wildest cinematic visions. . . . A surrealist novel par excellence, *Albina and the Dog-Men* is a dream, a prophecy, a hallucination, and a transfiguration such as only Jodorowsky could induce." —Publishers Weekly "Composed like a feverish fairytale, *Albina and the Dog-Men* is a South American parable of self-acceptance and belonging that is fueled by prurience and colored with vivid, hallucinogenic details. . . . No moment of Jodorowsky's book is at all predictable or familiar, and those who have a taste for the uncanny will be in awe over its undulations into strange, even godly, territory. The sensuality of the prose thickens as Albina's situation becomes more tenuous, resulting in heady and appealing constructions. . . . As Albina and her followers traipse over barren lands and into forests protected by ancient Incans, the novel winds toward territory both magical and needfully human. The surreal methods of redemption in the novel's final pages prove both glorious and moving. Jodorowsky's is a work of unforgettable weirdness, a work whose movements are directed by sometimes violent mysticism and whose final lessons may speak to all who have ever dreamed of transformation." —Michelle Anne Schingler, Foreword Reviews, Five-Star Review
