Jacksons, Monk & Rowe and the Brodsky Quartet - the formative years Jul 27 2019 How many ten-year-olds form a string quartet which goes on to world renown and lasts for half a century (and counting)? In the industrial heartland of the North East, Middlesbrough is frequently dubbed the arsehole of England, the least-desirable place to live. Yet there, in the seventies, was a thriving classical music scene out of which emerged the world-famous Brodsky Quartet who, now approaching their 50th anniversary, have built a starlit reputation for their live performances and over 70 acclaimed recordings. Jacqueline Thomas is the little girl who began this quartet and she remains its cellist to this day. Her memoir tells the story of the first ten formative years, with insight into the passion and fervour surrounding music-making on all levels, many amusing and sometimes hilarious extracts from her teen diaries, the single-minded obsession with their Art and the ambition to make it a success. With a distinct flavour of the 1970s, her teen-self also grapples with the gender inequalities endemic in the music world back then. The quirky title, from the author's childhood nickname, is finally explained - a bonus for fans of *The Juliet Letters*, the album they co-wrote with Elvis Costello.

Building an Award-Winning Guitar Program Oct 22 2021 "It was 2005, and I was sitting in a large ballroom with over a thousand other music educators in the convention center for the Music Educators National Conference in Minneapolis, Minnesota, when we were told that music education was in crisis. Student enrollment in music classes like band, choir, and orchestra were dropping at an alarming rate nation-wide. Music educators were going to lose their jobs if they could not figure out ways to attract students into their classrooms. The message was clear: we needed to start considering all types of alternatives such as guitar, music technology, Mariachi, blue grass, rock band, song writing, music theory, hand bells-any type of music class that would attract students and save jobs"--

Dave Flynn Complete Works for Solo Guitar Oct 29 2019 This book presents a collection of contemporary, tonal classical guitar works from Ireland's most prolific guitar composer; Dave Flynn has melded Celtic, minimalist and neo-baroque influences in this ground-breaking addition to the modern concert repertoire. Fans of the minimalism of Steve Reich, John Adams and Philip Glass will enjoy "Three Minimalist Pieces" and the "Six Etudes for Five Fingers". The influence of Flynn's native Ireland can be heard in some of these etudes, as well as in the Satie-esque "Three Gymn O'Paddies" and "The Mahatma of the Glen" which utilizes an alternate tuning with roots in Celtic fiddling. The imposing "Passacaglia" is a challenging concert work suitable for competitions and recitals, while the "Homage Sonatina" pays tribute to three iconic guitarists: Heitor Villa-Lobos, Andy Summers and Leo Brouwer. With an insightful foreword from the late Charles Postlewait, Flynn's illuminating practice tips and program notes guide the reader through these atmospheric, accessible works. Flynn's own interpretations can be found on his albums 5to9 - Music for Solo Guitar (2020) and Contemporary Traditional Irish Guitar (2009), available online to stream or download. Recommended for intermediate to advanced classical guitarists, these pieces are written in standard notation only.

Beethoven Feb 11 2021 Beethoven scholar and classical radio host John Suchet has had a lifelong, ardent interest in the man and his music. Here, in his first full-length biography, Suchet illuminates the composer's difficult childhood, his struggle to maintain friendships and romances, his ungovernable temper, his obsessive efforts to control his nephew's life, and the excruciating decline of his hearing. This absorbing narrative provides a comprehensive account of a momentous life, as it takes the reader on a journey from the composer's birth in Bonn to his death in Vienna. Chronicling the landmark events in Beethoven's career—from his competitive encounters with Mozart to the circumstances surrounding the creation of the well-known Für Elise and Moonlight Sonata—this book enhances understanding of the composer's character, inspiring a deeper appreciation for his work. Beethoven scholarship is constantly evolving, and Suchet draws on the latest research, using rare source material (some of which has never before been published in English) to paint a complete and vivid portrait of the legendary prodigy.

The Provincial Music Festival in England, 1784–1914 Mar 03 2020 A history of the English music festival is long overdue. Dr Pippa Drummond argues that these festivals represented the most significant cultural events in provincial England during the nineteenth century and emphasizes their particular importance in the promotion and commissioning of new music. Drawing on material from surviving accounts, committee records, programmes, contemporary pamphlets and reviews, Drummond shows how the festivals responded to and reflected the changing social and economic conditions of their day. Coverage includes a chronological overview documenting the history of individual festivals followed by a detailed exploration of such topics as performers and performance practice, logistics and finance, programmes and commissioning, together with information concerning the composition and provenance of festival choirs and orchestras. Also discussed are the effects of improved transport and new technologies on the festivals, sacred and secular conflicts, gender issues, the role of philanthropy, the nature of patronage and the changing social status of festival audiences. The book will also be of interest to social, economic and local historians.

String Quartets in Beethoven's Europe May 29 2022 *String Quartets in Beethoven's Europe* is the first detailed study of string quartets in late-eighteenth- and early-nineteenth-century Europe. It brings together the work of nine scholars who explore little-studied aspects of this multi-faceted genre. Together, this book's chapters deal with compositional responses to Beethoven's string quartets and the prestige of the genre; varied compositional practices in string quartet writing, with a particular emphasis on texture and performance elements; and the reception of Beethoven's string quartets ca. 1800. They include discussions of quartets composed for the amateur and connoisseur markets in Beethoven's Europe; virtuosity, the French Violin School, and the quatuor brillant; the relationship between quartet composers and their audiences during Beethoven's era; and the cross-pollination of quartet styles in Europe's musical centers such as Vienna, Paris, and St. Petersburg.
