This Corner of Canaan Apr 03 2020 Randolph B. "Mike" Campbell has spent the better part of the last five decades helping Texans rediscover their history, producing a stream of definitive works on the social, political, and economic structures of the Texas past. Through meticulous research and terrific prose, Campbell's collective work has fundamentally remade how historians understand Texan identity and the state's southern heritage, as well as our understanding of such contentious issues as slavery, westward expansion, and Reconstruction. Campbell's pioneering work in local and county records has defined the model for grassroots research and community studies in the field. More than any other scholar, Campbell has shaped our modern understanding of Texas. In this collection of seventeen original essays, Campbell's colleagues, friends, and students offer a capacious examination of Texas's history—ranging from the Spanish era through the 1960s War on Poverty—to honor Campbell's deep influence on the field. Focusing on themes and methods that Campbell pioneered, the essays debate Texas identity, the creation of nineteenth-century Texas, the legacies of the Civil War and Reconstruction, and the remaking of the Lone Star State during the twentieth century. Featuring some of the most well-known names in the field—as well as rising stars—the volume offers the latest scholarship on major issues in Texas history, and the enduring influence of the most eminent Texas historian of the last half century.

Motherhood Online Jan 25 2022 It may take a village to raise a child, but increasingly that means a virtual village. While the media may focus on the so-called "mommy wars," and babyrazzi follow every move of celebrity moms, millions of mothers world-wide are creating online communities. These mommy groups provide an alternative context for understanding how women construct modern motherhood together. Motherhood Online explores the mutifaceted lives that moms live online. Ranging from longitudinal studies to focused explorations of identity, and the newest community context, mommy blogs, this book documents the millions of mommies who have found an outlet online. Whether centered on region, religion, race, or something else altogether, these communities of mothers are creating a new space for mom and allowing many women to maintain a grasp, however tenuous, on sanity in this crazy-making world of modern motherhood.

Classical Guitar Tunes - Parlor Gems Mar 15 2021 In the late eighteenth and nineteenth centuries, the parlor was a room set aside for particular functions. Before the advent of the radio, it was the place where formal presentations were staged, including amateur and semi-professional concerts. This classical guitar solo collection for the intermediate to advanced player offers nine engaging and lyrical European and North American favorites of this bygone era. All of the solos are presented in standard notation only and played on authentic reproductions of period instruments on the book's online companion recording. Author Joseph Mayes plays works by well-known guitarist-composers Carulli, Coste and Giuliani as well as the lesser-known but

deserving "Kathleen Mavoureen—Romanza" by Frederick N. Crouch arranged by Charles de Janon, and Felix Arndt's "Nola," one of the era's most popular ragtime piano themes, here transcribed and arranged by William Foden and the author. Includes access to online audio.

The New Apostolic Reformation Aug 27 2019 From Justin Bieber, to Sarah Palin and Michele Bachmann, to the controversial documentary Jesus Camp (2006), the New Apostolic Reformation's influence can be seen everywhere in mainstream America. Beginning with an examination of the Latter Rain, Church Growth and Shepherding movements, this book explores how the new Reformation has become one of the most powerful movements in modern evangelical Christianity and a major influence on American political and cultural life. The author describes the New Apostolic Reformation's organization, how the movement spread and its national and international objectives.

Memes to Movements Nov 22 2021 A global exploration of internet memes as agents of pop culture, politics, protest, and propaganda on- and offline, and how they will save or destroy us all. Memes are the street art of the social web. Using social media–driven movements as her guide, technologist and digital media scholar An Xiao Mina unpacks the mechanics of memes and how they operate to reinforce, amplify, and shape today's politics. She finds that the "silly" stuff of meme culture—the photo remixes, the selfies, the YouTube songs, and the pun-tastic hashtags—are fundamentally intertwined with how we find and affirm one another, direct attention to human rights and social justice issues, build narratives, and make culture. Mina finds parallels, for example, between a photo of Black Lives Matter protestors in Ferguson, Missouri, raising their hands in a gesture of resistance and one from eight thousand miles away, in Hong Kong, of Umbrella Movement activists raising yellow umbrellas as they fight for voting rights. She shows how a viral video of then presidential nominee Donald Trump laid the groundwork for pink pussyhats, a meme come to life as the widely recognized symbol for the international Women's March. Crucially, Mina reveals how, in parts of the world where public dissent is downright dangerous, memes can belie contentious political opinions that would incur drastic consequences if expressed outright. Activists in China evade censorship by critiquing their government with grass mud horse pictures online. Meanwhile, governments and hate groups are also beginning to utilize memes to spread propaganda, xenophobia, and misinformation. Botnets and state-sponsored agents spread them to confuse and distract internet communities. On the long, winding road from innocuous cat photos, internet memes have become a central practice for political contention and civic engagement. Memes to Movements unveils the transformative power of memes, for better and for worse. At a time when our movements are growing more complex and open-ended—when governments are learning to wield the internet as effectively as protestors—Mina brings a fresh and sharply innovative take to the media discourse.
