4th Grade Vocabulary Building Crossword Puzzles Jul 27 2019 DO YOU WANT YOUR CHILDREN TO SUCCEED? I have three children who are still in school, and like you, I also want my children to succeed in life. Our children's success is what inspired me to write this book. Research shows that the more vocabulary words an elementary school student knows, the more likely he or she is to do well in middle and high school. Research also shows that there is a direct link between a student's vocabulary and their reading comprehension skills. Consequently, the more words elementary school students learn, the better readers they will be, and the more likely they will be good students in high school and successful as adults. I became concerned when my daughter began to show difficulty with reading comprehension. Her biggest problem appeared to be not knowing the meaning of many important words in her reading material. In speaking with my daughter's teacher I was shocked and disturbed to learn that with the new Common Core requirements, teachers don't have the time to teach the definitions of words like they used to. Instead, they are forced to concentrate on spelling and teaching a limited number of definitions. So I began to look for a way that parents can help their children learn the definitions of words so that reading is fun . 4th Grade Vocabulary Building Crossword Puzzles is the result. Why crossword puzzles? Well, admittedly I focused on Crossword puzzles because my daughter finds them fun. But crossword puzzles are known to be a particularly
