Mosby's Textbook for Long-Term Care Nursing Assistants - E-Book Mar 06 2020 With its highly visual format, topical information, and easy-to-follow guidance, Mosby's Textbook for Long-Term Care Nursing Assistants, 8th Edition is the perfect resource to help you master the ins and outs of long-term care. One hundred step-by-step procedures — all written at the sixth-grade reading level — provide clear instructions for completing skills. Helpful spotlight boxes and realistic patient scenarios reinforce the nursing assistant's roles and responsibilities that are needed in today's long-term care settings. New features in this edition include an all-new chapter on culture and religion; a new chapter on career management and getting hired; new procedures; and updated content on topical issues like confusion and dementia, hypertension, American Heart Association CPR, cancer, and more. As with previous editions, the focus on OBRA content and patient quality of life will underscore competent and respectful care. 6th grade reading level and concise coverage helps readers of all levels and abilities (particularly ESL individuals) easily understand and master important long-term care concepts and procedures. 100 step-by-step procedures are divided into pre-procedure, procedure, and post-procedure sections for easier learning. Residents with Dementia boxes cover the special needs of older persons with Alzheimer's disease and other dementias. Promoting Safety and Comfort boxes emphasize the need to provide safe care while making a patient more comfortable. Delegation Guidelines boxes describe what information the nursing assistant needs from the nurse and the care plan to perform safe care; as well as what information to report and record. Quality-of-Life boxes reinforce the importance of patients' rights and enhancing their quality of life when giving care. Teamwork and Time Management boxes illustrate ways to work efficiently within the health care team. Time to Reflect scenarios present realistic patient situations faced by nursing assistants to build critical thinking skills. Focus on Rehabilitation boxes clarify considerations and insights about rehabilitation and restorative care. Focus on Communication boxes provide guidelines for how to clearly communicate with patients and avoid comments that might make them uncomfortable. NATCEP certification exam icons identify the skills tested on the National Nurse Aide Assessment Program and state certification exams. Review questions at the end of each chapter help evaluate learning. Key abbreviations at the beginning of each chapter highlight commonly used abbreviations.

Foundations and Adult Health Nursing Nov 13 2020 An all-inclusive guide to fundamentals and medical-surgical nursing for the LPN/LVN, **Foundations and Adult Health Nursing, 7th Edition** covers the skills you need for clinical practice, from anatomy and physiology to nursing interventions and maternity, neonatal, pediatric, geriatric, mental health, and community health care. Guidelines for patient care are presented within the framework of the five-step nursing process; Nursing Care Plans are described within a case-study format to help you develop skills in clinical decision-making. Written by Kim Cooper and Kelly Gosnell, this text includes all of the content from their **Foundations of Nursing** and **Adult Health Nursing** books, including review questions to help you prepare for the NCLEX-PN® examination! Full-color, step-by-step instructions for over 100 skills show nursing techniques and procedures along with rationales for each. The 5-step Nursing Process connects specific disorders to patient care - with a summary at the end of each chapter. **Nursing Care Plans**

emphasize patient goals and outcomes within a case-study format, and promotes clinical decision-making with critical thinking questions at the end of each care plan. Clear coverage of essential A&P is provided by an Introduction to Anatomy and Physiology chapter along with an overview of A&P in all body systems chapters. Student-friendly features enhance the learning of nursing skills with summary boxes for Patient Teaching, Health Promotion Considerations, Complementary and Alternative Therapy, Cultural Considerations, Older Adult Considerations, Home Care Considerations, Safety Alert, and Prioritization, Assignment, and Supervision. UNIQUE! Mathematics review in Dosage Calculation and Medication Administration chapter covers basic arithmetic skills prior to the discussion of medication administration. A focus on preparing for the NCLEX examination includes review questions and Get Ready for the NCLEX Examination! sections with key points organized by NCLEX Client Needs Categories. Evidence-Based Practice boxes provide synopses of nursing research articles and other scientific articles applicable to nursing, along with nursing implications for the LPN/LVN. Nursing Diagnosis boxes summarize nursing diagnoses for specific disorders along with the appropriate nursing interventions. UNIQUE! Delegation Considerations boxes provide parameters for delegation to nurse assistants, patient care technicians, and unlicensed assistive personnel. Medication Therapy tables provide quick access to actions, dosages, precautions, and nursing considerations for commonly used drugs. NEW! Reorganized chapters make it easier to follow and understand the material. NEW! Icons in page margins indicate videos, audios, and animations on the Evolve companion website that may be accessed for enhanced learning. UPDATED illustrations include photographs of common nursing skills.

MSc Nursing Entrance Exam Guide Mar 18 2021

Maternal Child Nursing Care in Canada - E-Book Dec 03 2019 Featuring the most accurate, current, and clinically relevant information available, Perry's Maternal Child Nursing Care in Canada combines essential maternity and pediatric nursing information in one text. Comprehensive coverage includes promotion of wellness and the care for persons experiencing common health concerns throughout the lifespan, care in childbearing, as well as the health care of children and child development in the context of the family. Health concerns, including physiological dysfunctions and special needs and illnesses, are also featured. This text provides a family-centred care approach that recognizes the importance of collaboration with families when providing care. Medication Alerts stress medication safety concerns for better therapeutic management. Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice. Research Focus boxes identify best practices by presenting evidence and how to apply the knowledge learned. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, supply resources and guidance, and illustrate nursing care in a variety of settings. Clinical reasoning case studies offer you opportunities to test and develop your analytical skills and apply knowledge in various settings. Cultural Awareness boxes explore beliefs and practices about pregnancy, childbirth, parenting, women's health concerns, and caring for sick children. Evidence-Informed Practice boxes highlight findings that confirm effective practices or that identify practices with unknown, ineffective, or harmful effects. Emergency boxes alert you to emergency situations and guide you step-by-step through emergency procedures. Family-Centred Care boxes highlight the needs or concerns of families that you should consider in providing family-centred care. Guidelines boxes outline nursing procedures in an easy-to-follow format. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting. Medication Guide boxes include key information about medications used in maternity and newborn care, including their indications, adverse effects, and nursing considerations. Patient Teaching boxes assist you in helping patients and families become involved in their own care with optimal outcomes.

Clinical Nursing Skills and Techniques Aug 30 2019 Known for its clear, comprehensive coverage of over 200 evidence-based skills, Clinical Nursing Skills & Techniques is today's leading nursing skills reference. It features nearly 1,000 full-color photographs and drawings, a nursing process framework, step-by-step instructions with rationales, and a focus on critical thinking and evidence-based practice. This edition includes new coverage of patient-centered care and safety guidelines, an emphasis on QSEN core competencies, and links to valuable online resources. Written by the trusted author team of Anne Griffin Perry and Patricia A. Potter, and now joined by new author Wendy Ostendorf, this reference helps you perform nursing skills with confidence. Coverage of QSEN core competencies includes delegation and collaboration, guidelines for reporting and recording, and pediatric, geriatric, home care, and teaching considerations. Unique! Using Evidence in Nursing Practice chapter covers the entire process of conducting research, including collecting, evaluating, and applying evidence from published research. Comprehensive coverage includes 212 basic, intermediate, and advanced nursing skills. Clinical Decision Points within skills address key safety issues or possible skill modifications for specific patient needs. Icons indicate video clips related to skills and procedures in the book and related lessons in Nursing Skills Online. Rationales for each skill step explain why steps are performed in a specific way, including their clinical significance and benefit, and incorporate the latest research findings. The five-step nursing process provides a framework for the description of skills within overall client care. Unique! Unexpected outcomes and related interventions alert you to what might go wrong and how to appropriately intervene. Online checklists and video clips may be downloaded to mobile devices.

NEW Patient-Centered Care sections address issues unique to people of specific cultural, ethnic, and demographic backgrounds - a QSEN core competency. NEW Safety Guidelines sections cover the global recommendations on the safe execution of skill sets - also a QSEN core competency. UPDATED Adverse Event Reporting (AER) procedural guideline covers the correct response to Serious Event Reporting within the healthcare facility. NEW! Safe Transfer to a Wheel Chair procedural guideline focuses on the safety aspect of this common maneuver. NEW! Communicating with the Cognitively Impaired Patient skill provides the understanding and protocol for dealing with patients who are unable to communicate in a typical manner. NEW! Assessing the Genitalia and Rectum skill includes complete information and rationales. NEW! Caring for Patients with Multi-Drug Resistant Organisms (MDRO) and C. difficile skill covers this growing challenge to patient welfare and to healthcare providers.
