Sultana's Dream Jun 22 2019 Widely regarded as Bengal's earliest and boldest feminist writer, Rokeya Sakhawat Hossain (1880-1932) was a pioneering and creative educationist and social activist, and the school she founded in Kolkata, the Sakhawat Memorial School for Girls, still thrives. *Sultana's Dream*, written in English (1905), is a delightful satirical work set in Ladyland, where the men are in purdah and the women go out and work. An extraordinary novella with generous dashes of melodrama and romance, disasters and coincidences, *Padmarag*, written in Bengali (1924) and translated here for the first time, describes a female-founded and female-administered community set in contemporary Bengal, where women from diverse regions and ethnicities, with unhappy histories of patriarchal oppression, better their lot by concrete social action. Both *Sultana's Dream* and *Padmarag* discuss in playful, fascinating, and intelligent ways the question of women's education.

MacTrump—Lord of MacTrump Towers, Son of New York—would ascend to the highest position in the kingdom. Yet with the help of his unhappy but dutiful wife Lady MacTrump, his clever daughter Dame Desdivanka, and his coterie of advisers, MacTrump is comfortably ensconced in the White Hold as President of the United Fiefdoms, free to make proclamations to his subjects through his favorite messenger, McTweet. The Democrati, mourning the loss of their cherished leader O'Bama, won't give up without a fight. They still remember the disastrous reign of George the Lesser, and they can see Putain's dark influence on MacTrump. Their greatest hope is MacMueller, tasked with investigating the plot that empowered MacTrump's rise to the throne. As Desdivanka schemes to overthrow her father's councilors, and as Donnison and Ericson—trapped in their own Rosencrantz and Guildenstern-like storyline—prove useless to their father, MacTrump soon realizes he has no true allies. Will he be able to hold on to his throne? Only time will tell in this tragicomic tale of ambition, greed, and royal ineptitude.

Pyramus and Thisbe Jan 28 2020 Henry James, OM (15 April 1843 - 28 February 1916) was an American writer who spent most of his writing career in Britain. He is regarded as one of the key figures of 19th-century literary realism. He was the son of Henry James, Sr. and the brother of philosopher and psychologist William James and diarist Alice James. He is best known for a number of novels showing Americans encountering Europe and Europeans. His method of writing from a character's point of view allowed him to explore issues related to consciousness and perception, and his style in later works has been compared to impressionist painting. His imaginative use of point of view, interior monologue and unreliable narrators brought a new depth to narrative fiction. James contributed significantly to literary criticism, particularly in his insistence that writers be allowed the greatest possible freedom in presenting their view of the world. James claimed that a text must first and foremost be realistic and contain a representation of life that is recognisable to its readers. Good novels, to James, show life in action and are, most importantly, interesting. In addition to his voluminous works of fiction he published articles and books of travel, biography, autobiography, and criticism, and wrote plays. James alternated between America and Europe for the first twenty years of his life; eventually he settled in England, becoming a British subject in 1915, one year before his death. James was nominated for the Nobel Prize in Literature in 1911, 1912, and 1916.

Dead Man Walking Sep 05 2020 In 1982, Sister Helen Prejean became the spiritual advisor to Patrick Sonnier, the convicted killer of two teenagers who was sentenced to die in the electric chair of Louisiana's Angola State Prison. In the months before Sonnier's death, the Roman Catholic nun came to know a man who was as terrified as he had once been terrifying. She also came to know the families of the victims and the men whose job it was to execute—men who often harbored doubts about the rightness of what they were doing. Out of that dreadful intimacy comes a profoundly moving spiritual journey through our system of capital punishment. Here Sister Helen confronts both the plight of the condemned and the rage of the bereaved, the fears of a society shattered by violence and the Christian imperative of love. On its original publication in 1993, Dead Man Walking emerged as an unprecedented look at the human consequences of the death penalty. Now, some two decades later, this story—which has inspired a film, a stage play, an opera and a musical album—is more gut-wrenching than ever, stirring deep and life-changing reflection in all who encounter it.

To Love and Be Loved May 14 2021 To Love and Be Loved is a spirited challenge to a culture obsessed with romance and intimacy but dangerously ignorant of the full range of human love. Like a fresh wind, Sam Keen sweeps away tired self-help nostrums and reams of "bad advice from Dr. Lonelyhearts" to reveal a stunningly new map of love in all its forms. Love is not something we "fall" into, claims Keen, but a complex art combining many skills and talents that take a lifetime to learn fully. At the center of his book are sixteen distinct "elements of love": ranging from attention—a precious gift we can bestow on co-worker, friend, child, and spouse alike—to more exclusive gifts like desire and sexuality. Combining stories, poems and quotes with insights from modern psychology and spiritual tradition, Keen brilliantly explores the elements of memory and solitude in love, the importance of both enjoyment and commitment, and how we can cultivate the essential qualities of empathy and compassion. Each piece ends with suggestions for strengthening our daily practice of the element, so that we constantly enlarge our ability to love in all our relationships. The final section of the book is a soaring meditation on the claim that "those who love know God," an invitation to experience our place in the universe through the eyes of love.

The Science Of Discworld II Jul 04 2020 The acclaimed Science of Discworld centred around an original Pratchett story about the Wizards of Discworld. In it they accidentally witnessed the creation

and evolution of our universe, a plot which was interleaved with a Cohen & Stewart non-fiction narrative about Big Science. In *The Science of Discworld II* our authors join forces again to see just what happens when the wizards meddle with history in a battle against the elves for the future of humanity on Earth. London is replaced by a dozy Neanderthal village. The Renaissance is given a push. The role of fat women in art is developed. And one very famous playwright gets born and writes *The Play*. Weaving together a fast-paced Discworld novelette with cutting-edge scientific commentary on the evolution and development of the human mind, culture, language, art, and science, this is a book in which 'the hard science is as gripping as the fiction'. (The Times)

Shakespearean Spaces in Australian Literary Adaptations for Children and Young Adults Oct 19 2021 Shakespearean Spaces in Australian Literary Adaptations for Children and Young Adults offers a comprehensive examination of Shakespearean adaptations written by Australian authors for children and Young Adults. The 20-year period crossing the late-twentieth and early twenty-first centuries came to represent a diverse and productive era of adapting Shakespeare in Australian literature. As an analysis of Australian and international marketplaces, physical and imaginative spaces and the body as a site of meaning, this book reveals how the texts are ideologically bound to and disseminate Shakespearean cultural capital in contemporary ways. Combining current research in children's literature and Bourdieu's theory of cultural capital deepens the critical awareness of the status of Australian literature while illuminating a corpus of literature underrepresented by the pre-existing concentration on adaptations from other parts of the world. Of particular interest is how these adaptations merge Shakespearean worlds with the spaces inhabited by young people, such as the classroom, the stage, the imagination and the gendered body. The readership of this book would be academics, researchers and students of children's literature studies and Shakespeare studies, particularly those interested in Shakespearean cultural theory, transnational adaptation and literary appropriation. High school educators and pre-service teachers would also find this book valuable as they look to broaden and strengthen their use of adaptations to engage students in Shakespeare studies.

The Muslim Conception of International Law and the Western Approach May 02 2020 The traditional doctrine of Islamic law in regard to international relations is well known. The Shari'a includes many

excellent provisions about declarations of war, treaties of peace, armistices, diplomatic envoys, negotiations and guarantees of safe conduct. But the fact remains that it divides the world, broadly speaking, into the "Abode of Islam" and the "Abode of 'War," and that it envisages the continuance of intermittent war between them until the latter is absorbed in the former. In the course of such fighting, and in the intervals in between, many civilities were to be meticulously observed; but prisoners of war could be killed, sold or enslaved at the discretion of the Muslim authorities, and the women of those who resisted the advance of Islam could be taken as slave-concubines, regardless of whether they were single or married. The "Abode of Islam" did not, indeed, consist exclusively of Muslims, for those whose religion was based on a book accepted by Islam as originally inspired and in practice, indeed, those other religions too - were not forced to embrace Islam but only to accept Muslim rule. They were granted the status of dhimmis, were protected in their persons and their property, were allowed to follow their own religion in an unobtrusive fashion, and were accorded the position of essentially second-class citizens. They were also of course, perfectly free to embrace Islam; but for a Muslim to be converted to another faith involved the death penalty.
