[The Story of England](#) Jun 07 2020 Now a major PBS miniseries The village of Kibworth in Leicestershire lies at the very center of England. It has an ancient church, some pubs, the Grand Union Canal, a First World War Memorial—and many centuries of recorded history. It has experienced departing Romans, Saxon, and Viking immigrants, Norman conquerors; the Black Death, the Civil War, the Industrial Revolution; and its people have gone off to the Empire and to fight in two world wars. Enlisting the villagers themselves—who dug test pits in their gardens in search of Roman pottery, were DNA tested to examine their Viking origins and offered up their family collections of photos and documents—and using the archives of the village housed at Merton College Oxford (an archive unique in western Europe going back seven hundred years), Michael Wood tells the incredible story of the village over two thousand years. This is an account of England told not from the top but from the bottom—a story of Anglo-Saxon peasants, medieval reeves, Tudor vicars, Victorian frame-work knitters and First World War soldiers. This is a people's history of England, told through the history of one small community.

Stories of Your Life and Others Sep 30 2019 'A science fiction genius . . . Ted Chiang is a superstar.' GUARDIAN With *Stories of Your Life and Others*, his masterful first collection, multiple-award-winning author Ted Chiang deftly blends human emotion and scientific rationalism in eight remarkably diverse stories, all told in his trademark precise and evocative prose. From a soaring Babylonian tower that connects a flat Earth with the firmament above, to a world where angelic visitations are a wondrous and terrifying part of everyday life; from a neural modification that eliminates the appeal of physical beauty, to an alien language that challenges our very perception of time and reality, Chiang's rigorously imagined fantasias invite us to question our understanding of the universe and our place in it. 'United by a humane intelligence that speaks very directly to the reader, and makes us experience each story with immediacy and Chiang's calm passion.' CHINA MIÉVILLE

Perfume Jul 29 2019 An acclaimed bestseller and international sensation, Patrick Suskind's classic novel provokes a terrifying examination of what happens when one man's indulgence in his greatest passion—his sense of smell—leads to murder. In the slums of eighteenth-century France, the infant Jean-Baptiste Grenouille is born with one sublime gift—an absolute sense of smell. As a boy, he lives to decipher the odors of Paris, and apprentices himself to a prominent perfumer who teaches him the ancient art of mixing precious oils and herbs. But Grenouille's genius is such that he is not satisfied to stop there, and he becomes obsessed with capturing the smells of objects such as brass doorknobs and fresh-cut wood. Then one day he catches a hint of a scent that will drive him on an ever-more-terrifying quest to create the "ultimate perfume"—the scent of a beautiful young virgin. Told with dazzling narrative brilliance, *Perfume* is a hauntingly powerful tale of murder and sensual depravity. Translated from the German by John E. Woods.

The Story of Beatrix Potter Feb 25 2022 "Sumptuous...a fitting legacy for a pioneering conservationist who helped save thousands of acres of the Lake District" - The Mail on Sunday, August 2016 To this day, Beatrix Potter's tales delight children and grown-ups around the world. But few people realise how extraordinary her own story is. She was a woman of contradictions. A sheltered Victorian daughter who grew into an astute modern businesswoman. A talented artist who became a scientific expert. A famous author who gave it all up to become a farmer. In *The Story of Beatrix Potter*, Sarah Gristwood follows the twists and turns of Beatrix Potter's life and its key turning points - including her tragically brief first engagement and happy second marriage late in life. She traces the creation of Beatrix's most famous characters - including the naughty Peter Rabbit, confused Jemima Puddleduck and cheeky Squirrel Nutkin - revealing how she drew on her unusual childhood pets and locations in her beloved Lake District. She explores too, the last 30 years of Potter's life, when she abandoned books to become a working farmer and a pioneering conservationist, whose work with the National Trust helped to save thousands of acres of the Lake District - a legacy that, like her books, continues to enrich our lives today. Main text: 30,000 words. Approx 3,000 words for captions and index.

Story of Life Sep 03 2022 At first, nothing lived on Earth. It was a noisy, hot, scary place. Choking gas exploded from volcanoes and

oceans of lava bubbled around the globe... Then in the deep, dark ocean, something amazing happened. This is an exciting and dramatic story about how life began and developed on Planet Earth, written especially for younger children. The authors explain how the first living cell was created, and how the cells multiply and create jellyfish and worms, and then fish with bendy necks, which drag themselves out of the water into swampy forests. They tell the story of the biggest creatures that have ever walked on land - the dinosaurs. Long after that, hairy creatures who have babies, not eggs, take over, stand on two legs and spread around the world, some of them living through cataclysmic events such as ice ages and volcanic eruptions. Everyone living today is related to these survivors. With delightful illustrations including lots of detail and humour, all carefully researched and checked, this book shows the development of life on Earth in a truly accessible and simple way. The Story of The Streets Oct 24 2021 In 2001, at the age of only 22, the virtually unknown Mike Skinner was signed for a five album record deal. Since then, Mike Skinner has won a worldwide reputation for fusing home-grown hip-hop with the proud British tradition of observational song writing, which stretches from The Beatles and The Kinks to Blur and the Arctic Monkeys. In the multi-faceted guise of *The Streets* he, along with the likes of his friend and peer Dizzy Rascal, has been largely responsible for giving British rap its own identity, distinct from that of its American influences. Alternating between spells of reckless indulgence and sardonic commentary on his own excesses, Mike Skinner has established the kind of instantly accessible pop persona which only comes along once or twice a generation. Now he brings us *The Story of the Streets*. Moving chronologically through five albums, and the different phases of his life that they represent, Mike shares personal details of his modest upbringing in Birmingham, as well as the wild extravagances of life in the showbiz fast lane. Personal, shocking and funny; but deeply intelligent, insightful, opinionated and searingly honest - this is a lesson in the making of pop history, narrated by a voice that has informed a generation.

The Story of China Nov 24 2021 'A learned, wise, wonderfully written single volume history of a civilisation that I knew I should know more about' Tom Holland 'Masterful and engrossing...well-paced, eminently readable and well-timed. A must-read for those who want - and need - to know about the China of yesterday, today and tomorrow' Peter Frankopan China's story is extraordinarily rich and dramatic. Now Michael Wood, one of the UK's pre-eminent historians, brings it all together in a major new one-volume history of China that is essential reading for anyone who wants to understand its burgeoning role in our world today. China is the oldest living civilisation on earth, but its history is still surprisingly little known in the wider world. Michael Wood's sparkling narrative, which mingles the grand sweep with local and personal stories, woven together with the author's own travel journals, is an enthralling account of China's 4000-year-old tradition, taking in life stationed on the Great Wall or inside the Forbidden City. The story is enriched with the latest archaeological and documentary discoveries; correspondence and court cases going back to the Qin

and Han dynasties; family letters from soldiers in the real-life Terracotta Army; stories from Silk Road merchants and Buddhist travellers, along with memoirs and diaries of emperors, poets and peasants. In the modern era, the book is full of new insights, with the electrifying manifestos of the feminist revolutionaries Qiu Jin and He Zhen, extraordinary eye-witness accounts of the Japanese invasion, the Great Famine and the Cultural Revolution under Chairman Mao, and fascinating newly published sources for the great turning points in China's modern history, including the Tiananmen Square crisis of 1989, and the new order of President Xi Jinping. A compelling portrait of a single civilisation over an immense period of time, the book is full of intimate detail and colourful voices, taking us from the desolate Mongolian steppes to the ultra-modern world of Beijing, Shanghai and Hong Kong. It also asks what were the forces that have kept China together for so long? Why was China overtaken by the west after the 18th century? What lies behind China's extraordinary rise today? *The Story of China* tells a thrilling story of intense drama, fabulous creativity and deep humanity; a portrait of a country that will be of the greatest importance to the world in the twenty-first century.
